

Animal Magic

When Zyculus folds his shirt sleeves back, it doesn't look much like work. With a playful, light and elegant normality, he produces beautiful white doves, rabbits and small dogs before your very eyes. Charming and full of excitement, an animal show with no end of surprises. An unforgettable experience for audiences from five to 95!

Mystic Sculptures

With bare hands Zyculus forms soap bubbles and lets transparent, unbelievably complicated sculptures, colourful like a rainbow, float in mid-air. Mystic Sculptures to reach out and touch. It is unique, original and inviting to enter a dream world.
